

WIRELESS GUIDE TO

Grab your infinity scarves and hold onto your pumpkin spice lattes, fall is finally here! With the leaves falling and the holidays quickly approaching, make the most of the season around the DMV with the wireless tips below.

Fall Means Football

Take advantage of your data plan and stream games from your mobile device, that way you can watch your favorite teams even when you're on the go. For the die-hard fans out there, be sure to download apps like ESPN, NFL Mobile, NCAA Sports, and Bleacher Report.

Wine & Dine

Do you prefer wine flights to linebackers? Lucky for you, fall is a great time to visit wineries around the DMV area. There are plenty of apps available to help you plan your visits, learn about wine, take taste surveys, and even order cases online!

The Most Spooktacular Time of Year

Get your ghoul on, Halloween is almost here! Grab your mobile device or VR headset and try fun family activities like virtual pumpkin carving. For those thrill seekers out there, virtual haunted houses are waiting to be explored and we hear they're scarier than the real ones.

Get Outside

The DMV area is renowned for its fall foliage. Be sure to download the National Park Service App and get updates on the foliage and trail conditions in some of your favorite fall spots like Skyline Drive. If hiking trails don't interest you, find your next outdoor adventure on Corn Maze America and share your photos to social media.

Find Local Events

DC is always bustling with things to do. Use your mobile device to find farmers markets, harvest festivals, and other fun fall activities. Use local news apps and event platforms like Eventbrite to find activities nearby and register online.
